1. Delve into the primary lit.
2. Think critically about it
3. Figure out how to present it to the public...  
(even the controversial stuff)

### Intro tutorial: let's talk about sex

Posted on September 11, 2012 | [Leave a comment](#)

The first tutorial will take place during the week of Sept 17-21. We'll get to know each other, talk about how the tutorials will work, and discuss these two readings:

[2002 Gallup et al. Does semen have anti-depressant properties? Archives of Sexual Behavior. 31: 289-293.](#)

[2012 Barron and Brown. Let's talk about sex. Nature. 488: 151-152.](#)

Some questions to think about as you read the semen study: What is the basis for
